

FOLEYLOC®

Product #650

Stabilization Device for Foley Catheters

Features:

- LATEX-FREE
- DISPOSABLE
- NON-STERILE
- Addresses CDC's guidelines for securing Foley Catheters

Benefits:

- **Kink Resistant** – Non-swivel Locking system reduces potential of catheter kinking and twisting.
- **Adjustable** – Velcro® EZ-Tabs allow for release, inspection / cleaning and re-attachment.
- **Security** – Minimizes dislodgements, traction and pistoning.
- **Versatility** – Secures and stabilizes all styles of Foley catheters (silicone or latex, two or three port catheters).
- **Universal Design** – One style reduces inventory and save costs.
- **Patient Comfort** – Latex-Free & hypo-allergenic medical grade adhesive.
